## CERTIFICATE OF CONFORMITY

It is confirmed that all luminaire products manufactured under the **Crompton, Menvier and JSB** brand names, encompassing mains, discharge and emergency forms of lighting, are supplied in accordance with the terms of the contract and are manufactured to and comply with the current required standards.

BS EN 60598:1 – Surface mounted and recessed mains luminaires  
BS EN 60924 – Emergency control units  
BS 4533:102.2/EN 60598 – 2-22 – Emergency luminaires

It is also confirmed that the luminaires comply with the declared IP rating where appropriate.

The internal measures implemented to ensure the continued conformity of the products are the Quality Procedures installed and maintained for the requirements of the Company's registration to BS EN ISO 9001:2000.

Signed: David McColl

Quality Manager,

Doncaster, 20 March 2003
