**New Lighting Layout Services**

**COOPER** Crouse-Hinds

For optimizing your lighting business we offer you our new lighting layout services. No matter if you only need a simple lighting layout or complex drawings: we deliver a Luxicon® and AGi32® based lighting design.

Pentru aplicatiile Dvs va oferim la cerere proiectele de iluminat Luxicon® si AGi32®  
Simply use the schedule you will find enclosed and send all relevant data to:  
Completati tabelul atasat cu datele aplicatiei si trimitetile pe adresa:

Email: [sales@intec-automatizari.ro](mailto:sales@intec-automatizari.ro) FAX:021/311.04.86

You will receive a customized precise, efficient, application-focused lighting design with all relevant documents such as floorplans, complexe isometric drawings and 3D fixture placement at multiple levels drawings.

Veti primi proiectul de iluminat specific aplicatiei Dvs cu toate documentele relevante

Pentru oferte si informatii suplimentare ne puteti contacta telefonic sau prin e-mail la [sales@intec-automatizari.ro](mailto:sales@intec-automatizari.ro).

The following information is required in order to complete a lighting layout for an indoor or outdoor lighting project. Please provide as much information as possible. Send a sketch showing room size, etc. if available to:

e-mail: [sales@intec-automatizari.ro](mailto:sales@intec-automatizari.ro)
